INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

To the Board of Directors
Consolidated Rural Water District No. 3,
Shawnee County, Kansas
Topeka, Kansas 66610

We have audited the accompanying financial statements of the business-type activities of the Consolidated Rural Water District No. 3 as of and for the years ended December 31, 2017 and 2016, which comprise the District's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of the business-type activities of the Consolidated Rural Water District No. 3, Shawnee County, Kansas, as of December 31, 2017 and 2016, and the respective changes in net position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3–5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Consolidated Rural Water District No. 3, Shawnee County, Kansas financial statements as a whole. The Schedule of Insurance in Force is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Consolidated Rural Water District #3, Shawnee County Management's Discussion and Analysis

Management's Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements. This portion of the Water District's annual financial report is intended to provide an easily read analysis of the District's financial activities and condition, based on current known facts, for the fiscal year ending on December 31, 2017. This information is presented in conjunction with the audited financial statements that follow.

Organizational and Business

This Water District provides water services. The District is currently serving approximately 1,077 customers. The water is supplied mainly to residential customers and business customers.

Overview of the Financial Statements

This annual report consists of the following parts: 1) Management's Discussion and Analysis, 2) Basic Financial Statements, 3) Other Required Supplementary Information in the form of Notes.

Financial Statements

The Financial Statements of the District report information utilizing the full accrual basis of accounting. The District's assets and liabilities are reported on the Statement of Net Assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Revenues, Expense and Changes in Net Assets present the results of the District's operations over the course of the fiscal year and provides information as to how the net assets changed during the year. This statement can be used as an indicator that the District is successfully recovering costs through user fees and other charges.

The Statement of Cash Flows presents changes in cash and cash equivalents resulting from operation, capital, non-capital, and investing and financing activities. From the Statement of Cash Flows, the reader can obtain comparative information on the source and use of cash and the change in the cash and cash equivalents balance for each of the last two fiscal years.

Financial Analysis

Financial Highlights (see table 1)

The total assets of the District exceed total liabilities by \$4,693,242

CONSOLIDATED RURAL WATER DISTRICT NO. 3

Shawnee County, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies

Organization

Consolidated Rural Water District No. 3, Shawnee County (the District) was organized under Kansas law and is accounted for as an enterprise fund using the accrual basis of accounting. The District's purpose and objective is to acquire water and water rights, to build and acquire pipelines and for the purpose of furnishing water for domestic, agriculture, and/or other purposes. The District provides services to patrons in Shawnee County.

GASB Statement No. 34

In June 1999, GASB issued Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. The statement known as the "Reporting Model" statement, affects the way the District prepares and presents information.

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments, including special purpose governments. The statement was developed to make annual reports easier to understand and more useful to the people who use governmental information to make decisions and includes:

Management's Discussion and Analysis

GASB Statement No. 34 requires that financial statements be accompanied by a narrative introduction and analysis overview of the District's financial activities in the form of "management's discussion and analysis" (MD&A). This analysis is similar to analysis the private sector provides in their annual reports.

Statement of Net Position or Balance Sheet

This statement is designated to display the financial position of the District. Districts report all capital assets, including infrastructure. The net assets of the District will be broken down into three categories 1) invested in capital assets, net of depreciation; 2) restricted (if applicable); and 3) unrestricted.

Shawnee County, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies (continued)

GASB Statement No. 34 (continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Basis of accounting refers to when revenues, expenses and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Measurement focus refers to what is being measured. The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. With this measurement focus, all assets and all liabilities are included on the statement of net assets. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred. The statement of cash flows provides information about how the District meets the cash flow needs of its activities.

GASB Statement No. 20

Under GASB Statement No. 20, *Accounting and Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, all proprietary funds continue to follow Financial Accounting Standards Board (FASB) standards issued on or before November 30, 1989. However, from that date forward, proprietary funds have the option of either choosing not to apply future FASB standards (including amendments of earlier pronouncements), or continuing to follow new FASB pronouncements (unless they conflict with GASB guidance). The District has chosen not to apply future FASB standards for proprietary funds.

Budget

The District prepares its budget for the fiscal year using the same basis of accounting as the financial statements. A comparison of actual to budget is not presented in the financial statements.

Cash and Cash Equivalents

For the purposes of the statement of cash flows the District defines cash and cash equivalents as demand deposits and certificates of deposit at banks with maturities of three months or less.

CONSOLIDATED RURAL WATER DISTRICT NO. 3

Shawnee County, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies (continued)

Certificates of Deposit

The certificates of deposit represent nonnegotiable certificates of deposit. The Certificates of deposit are recorded at cost because they are not affected by market rate changes.

Accounts Receivable

The District reads meters during the week of the 20th each month and the invoices are mailed out on the 1st of each month. Payments for water service are due the 20th day of the following month or will be subject to a late charge of 6% The District considers all accounts collectable.

Inventory

Inventories consist of primarily water meters, pipe, and line maintenance material. Inventories are stated at the lower cost or market. Cost is determined using the first in first out (FIFO) method

Property, Plant, and Equipment

Property, plant and equipment are recorded at cost less accumulated depreciation. Improvements and betterments to existing property and equipment are capitalized. Expenditures for maintenance and repair which do not extend the life of the applicable assets are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized in income for the period. The district does not have a formal capitalization policy. Depreciation and Amortization expense totaled \$168,354 and \$166,741 for the years ended December 31, 2017 and 2016, respectively.

Bond Reserve

As part of the Water Utility System Revenue Bonds, Series 2012, the District is required to maintain a bond reserve amount equal to 10% of the original principal amount.

Benefit Units

Benefit units are rights that entitle the holder to water service. Benefit units for ¾" are presently sold for \$2,500 and installation fees of \$2,000 plus an additional \$1,200 if a road bore is required. The cost of 1" benefit units was increased to \$3,200 during the September 2014 meeting.

Aid in Construction

Aid in Construction represents contributions from the members for line extensions, and are included in the statement of activities

Net Position

The District's net position is classified as follows:

Invested in capital assets, net of accumulated depreciation – This represents the District's total investment in capital assets, net of accumulated depreciation.

Restricted net position – This includes amounts set aside for bond requirements.

Unrestricted net position – This includes resources derived from sales and services. These resources are used for transactions relating to providing sales and services and general operations of the District and may be used at the discretion of the governing board to meet current expense for any purpose.

Use of Estimates

The preparation of financial statements in compliance with generally accepted accounting principles requires managements to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The District is considered a tax-exempt entity and is not subject to income taxes at either the federal or state level. The District's payroll tax returns for the years ending 2017, 2016, and 2015 are subject to examination by the IRS, generally for three years after they were filed.

Shawnee County, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Deposits and Investments

Deposits

K.S.A. 9-1401 establishes the depositories which may be used by the district. The statute requires banks eligible to hold the district's funds have a main or branch bank in the county in which the district is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The district has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the district's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The district has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

State statutes place no limit on the amount the district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the district's deposits may not be returned to it. State statutes require the district's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at December 31, 2017 and 2016.

At December 31, 2017 and 2016, the District's carrying amount of deposits, including certificates of deposit, was \$1,484,093 and \$1,207,791 respectively, and the bank balance was \$1,483,562 and \$1,208,027 respectively, of which \$725,082 was covered by FDIC insurance. \$597,247 was collateralized by securities held in safekeeping pledged to the District.

CONSOLIDATED RURAL WATER DISTRICT NO. 3

Shawnee County, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Deposits and Investments (continued)

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the district will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

NOTE 3 – Risk Management

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from prior years and settlements have not exceeded coverage in the past three years. See Schedule of Insurance in Force for details of insurance.

NOTE 4 – Compliance with Kansas Statutes

References made herein to the statutes are not intended as interpretation of law, but are offered for consideration of the Director of Accounts and Reports and interpretation by the County Attorney and legal representatives of the water district. We noted no violations of Kansas statutes during the years ended December 31, 2017 and 2016.

NOTE 5 – Concentrations of Suppliers and Customers

The District acquires 100% of its water from the City of Topeka, Kansas. There are no other suppliers of water available for this district.

The District sells water to Rural Water District No. 8, Osage County, Kansas. In 2017 and 2016, the District sold 56,877,945 gallons and 51,110,030 gallons of water which accounted for 23% and 35% of the gallons sold, respectively.

NOTE 6 – Pension Plan

The District has a Savings Incentive Match Plan for Employees (SIMPLE) whereby, the eligible employees defer 5% of their compensation and the District contributes 3%. All contributions made under the SIMPLE plan are fully vested and non-forfeitable. For the years ended December 31, 2017 and 2016, the District contributed \$4,641 and \$4,421, respectively to the SIMPLE plan.
